PROFESSIONAL PROFILE

Professional motivated by technology, innovation, and the use of programming to solve real-world problems. Demonstrated ability to effectively lead and interact with multidisciplinary teams. Committed to continuous learning through courses and hands-on projects

LANGUAGES

Spanish (Native), English (Advanced)

PROGRAMMING LANGUAGES

Python, Javascript, SQL, R, Visual Basic, Java

ACADEMIC BACKGROUND

B.S. Industrial Engineering
Universidad Católica del Norte, Chile
2012 - 2018

Undergraduate Exchange Program
Universidad de Cádiz, Spain
2017-2018

WORK EXPERIENCE

Data Scientist
Grupo Copesa, La Tercera
2022-2024

- Automated the sending of 15 newsletters to over 1 million recipients using AWS Pinpoint
- Designed and automated reports (Power BI/Quicksight) on key metrics: most viewed/commented news, survey results (Alchemer), and newsletter performance
- Implemented advertising targeting and personalized content for LaTercera users via Piano Composer API, utilizing First Party Data
- Participated in the restructuring and optimization of audience databases for the creation of a Customer Data Platform

Project and Development Engineer
Consorcio Heuma, Universidad Católica del Norte
2018- 2022

- Automated the financial reporting process for ~1500 files/forms on the SGP platform using Python Selenium
- Developed an interface to automate purchasing, banking, and financial process management
- Managed, monitored, and reported on CLP 2.19 MM for the CORFO project 'Engineering 2030' (16ENI2-71940)

Data Engineer
Rebaño Consultores
2021-2022

- Created and cleaned a database with ~2 million records on AWS
- Collaborated in the data analysis process using AI and ML for NLP, achieving a 700% improvement compared to the manual process
- Programmed interfaces and scripts for automated data downloading from various social networks, resulting in a 500% increase in data collection efficiency

Private Tutor
Self-employed
2010-2018

- Tutored different educational levels in Physics, Mathematics, Calculus, Algebra, Economics, Dynamics, Programming, English, Financial Analysis, and Operations Research

LIBRARIES & FRAMEWORKS

Anaconda, Selenium, Node.js, React, Seaborn, Tkinter, Kivy, Asyncio, Pyspark, TensorFlow, OpenCV, Scikit-learn, Flask, S3, RDS, Pinpoint, Redshift, LlamaLLM, ChatGPT API

DEVELOPER TOOLS

VS Code, Linux, AWS, GCP, Git, Postman, Docker, Jenkins

SOFTWARE PROFICIENCY

Power BI, Excel, PowerPoint, Project, Simio Simulation, Minitab, Bizagi

RECOGNITIONS

2017 Santander Exchange Scholarship

2015 Award for Performance in University Residence

INTERESTS & HOBBIES

Running, Gym, Music Production, Robotics, Blogging

ACADEMIC EXPERIENCE

Teaching Assistant
Universidad Católica del Norte
2013 - 2017

- Taught, graded, and coordinated TA sessions for Statistics, Dynamics, Finance, and Macroeconomics

Professional Thesis Advisor
Self-employed
2019-2021

- Supported literature reviews and theory development
- Performed data extraction via web scraping and APIs
- Conducted data cleaning and statistical report generation

Capstone Project
Civil Registry and Identification Service
2018

- Optimized waiting times by 20% through queue simulation and staff redistribution by area
- Streamlined vehicle/birth registrations via a query module ensuring applicant document readiness and cutting queue times

Professional Internship
Conymet-Duratray
2016

- Developed a daily production progress control plan
- Quantified and analyzed material consumption in mining truck body manufacturing, identifying 35% material loss
- Designed quality inspection forms and proposed improvements to the production area layout

ENTREPRENEURSHIP

Founder and Partner
Star Apps Spa
2021-2024

- Co-founded a start-up focused on developing applications and IT solutions applying ML and A

COURSES

Retention Accelerator
Blue Engine Collaborative, Meta (2022-2023)

The Complete Web Developer in 2022
Zero to mastery, Udemy (2021-2022)

Complete React Developer in 2022
Zero to mastery, Udemy (2021-2022)

Python, JS, & React | Blockchain & Cryptocurrency
Udemy (2022)

AWS Certified Solutions Architect Associate 2022
Udemy (2022)
